- 34. Conversion to Single Currency**
- 34.1 For evaluation and comparison purposes, the Ministry of Health shall convert all bid prices expressed in amounts in various currencies into an amount in a single currency **specified in the BDS**, using the selling exchange rates established by the source and on the date **specified in the BDS**.

Code of Conduct/Service Provider Form

A. Introduction

1. As a major financing institution in the fight against AIDS, tuberculosis and malaria, the Global Fund recognizes the importance of accountability for suppliers and transparency and predictability in its operations.
2. As stated in its Framework Document, a core principle of the Global Fund is to operate in an open, transparent and accountable manner. Consistent with this core principle, the Global Fund will work to ensure all its financing activities, including its corporate procurement and grant operations, and staff adhere to the highest ethical standards.
3. The goal of this Code of Conduct ("Code") is to enlist suppliers' commitment to maintain integrity of the Global Fund-funded grant operations and corporate procurement activities in compliance with this core Global Fund principle.
4. The Global Fund will regularly review and revise this Code, when needed, to reflect changes in best practice, lessons learned and feedback from partners.

B. Scope of this code

5. This Code requires all bidders, suppliers, agents, intermediaries, consultants and contractors ("Suppliers"), including all affiliates, officers, employees, subcontractors, agents and intermediaries of Suppliers (each a "Supplier Representative"), to observe the highest standard of ethics in Global Fund-funded activities regarding supply of goods and/or services to the Global Fund or any recipient of Global Fund financing, including principal recipients, sub recipients, other recipients, country coordinating mechanisms, procurement agents and first-line buyers.
6. The principal recipients, sub recipients, other recipients, country coordinating mechanisms, procurement agents and first-line buyers must ensure that this Code is communicated to and complied with by all of their Suppliers. Suppliers will ensure that this Code is communicated to all their Supplier Representatives and will take reasonable steps to ensure compliance by Supplier Representatives, including by taking immediate action in cases of non-compliance. Breaches of this Code may result in a decision by the Global Fund to sanction the Supplier and/or Supplier Representative involved, suspend disbursements to grant recipients or cancel funding.

C. Fair and Transparent Practice

7. The Global Fund does not tolerate corrupt, fraudulent, collusive, anti-competitive or coercive practices of any kind involving its resources, including grant funds. The Global Fund will take strong, immediate action in all circumstances where it determines that there is substantive and credible evidence of corrupt, fraudulent, collusive, anti-competitive or coercive practices as defined hereunder.
8. Suppliers and Suppliers Representatives are expected to participate in procurement processes in a manner that is transparent, fair, accountable and honest, including by complying with all applicable laws and regulations regarding fair competition as well as recognized standards of good procurement practice.
9. Suppliers and Suppliers Representatives are expected to respond to solicitations in an honest, fair, and comprehensive manner, accurately reflecting their capacity to satisfy the requirements set out in the bid or contract documents. They are expected to follow all of the rules established

for each procurement process, and only submit bids and enter into contracts if they can and will fulfill all obligations of the contract.

10. Suppliers and Supplier Representatives will not, directly or indirectly, including through an agent or other intermediary, engage in corrupt, fraudulent, collusive, anti-competitive or coercive practices in bidding for, or performing, a Global Fund- financed contract or activity.

For these purposes:

- Corrupt practice means the offering, promising, giving, receiving, or soliciting, directly or indirectly, anything of value or any other advantage to influence improperly the actions of another person or entity;
- Fraudulent practice means any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a person or entity to obtain a financial or other benefit or to avoid an obligation;
- Coercive practice means any act or attempt to influence improperly the decisions or actions of a person or entity by impairing or harming, or threatening to impair or harm, directly or indirectly, such person or entity or their property;
- Collusive practice means an arrangement between two or more persons or entities designed to achieve an improper purpose, including influencing improperly the actions of another person or entity;
- Anti-competitive practice means any agreement, decision or practice which has as its object or effect the restriction or distortion of competition in any market.

11. Suppliers and Supplier Representatives will not solicit, offer, give or receive, or promise or represent to offer, give or receive, fees, gratuities, rebates, gifts, commissions, or other payments, except as disclosed in full to the Global Fund or the grant recipient, in connection with the procurement process or in contract execution.

12. Information, data, know-how and documents obtained from participating in Global Fund or grant recipient procurement processes, or in the course of performing a Global Fund-financed contract, must under no circumstances be made available to any third parties for the purpose of giving existing or potential Suppliers a preferential position or advantage in relation to tenders or any other procurement processes of the Global Fund or the applicable grant recipient, without the prior written consent of the Global Fund.

D. Compliance with laws

13. Suppliers and Supplier Representatives will comply with all applicable laws and regulations in countries where they do business, as well as the publicized rules, regulations and policies of the Global Fund that apply to their areas of work.

14. Suppliers and Supplier Representatives will ensure that Global Fund resources received by them are not used to support, finance or promote violence, aid terrorists or terrorist-related activity or fund organizations known to support terrorism.

15. Suppliers and Supplier Representatives will not engage in money-laundering activities. This includes any kind of activity which hides or is intended to hide the fact that funds have been obtained illegally or are connected with the proceeds of crime, e.g. through fraud or bribery or other illegal activity.

E. Access and Cooperation 16. Suppliers and Suppliers Representatives are expected to maintain accurate and complete records in appropriate books of account of all financial and

business transactions under Global Fund-financed contracts for a minimum period of five years after the date of last payment made under the Global Fund-financed contract.

17. Suppliers and Suppliers Representatives are expected to cooperate with the Global Fund and comply with any reasonable request, in the opinion of the Global Fund, of its Office of the Inspector General (OIG) and other agents or representatives of the Global Fund to allow access to relevant staff and to inspect any relevant accounts and records and other documents relating to bidding for and performing Global Fund-financed contracts.

18. Suppliers and Suppliers Representatives will provide at all times any assistance requested by the Global Fund to enable the Global Fund to comply with any legal, regulatory or statutory requirement applying to it.

19. The Global Fund expects its grant recipients to take timely and appropriate action in situations where a grant recipient becomes aware that any of its representatives or the beneficiary of a contract financed by the Global Fund grant has engaged or is suspected of engaging in corrupt, fraudulent, collusive, anti-competitive or coercive practices in connection with the procurement or performance of that contract. The Global Fund will impose sanctions that the Global Fund deems necessary if it considers at any time that a grant recipient has not taken timely and appropriate action satisfactory to the Global Fund in such situations.

F. Publicity and Advertising

20. Suppliers and Supplier Representatives will not, without the Global Fund's prior written consent,

- I. use the Global Fund's name or logo in publicity or advertising;
- II. use their direct or indirect business-relationship with the Global Fund to imply an endorsement by the Global Fund of their goods and services, and
- III. make any representation or statement for or on behalf of the Global Fund. G. Full and Open Disclosure and Conflicts of Interest

21. Suppliers will disclose to the Global Fund prior to entering into a contract or at any time during the performance of contract whether they, or any Supplier Representatives, are subject to any sanction or temporary suspension imposed by any major international financing institution or organization, such as the UN or World Bank Group.

22. Suppliers will disclose to the Global Fund or the grant-recipient actual, perceived, or potential conflicts of interest involving the Supplier or any Supplier Representative ("Conflict of Interest"). The Global Fund considers a Conflict of Interest to be a situation in which a party has interests that could improperly influence that party's performance of official duties or responsibilities, contractual obligations, or compliance with applicable laws and regulations, and that such Conflict of Interest may contribute to or constitute a prohibited practice under this Code. To ensure that Suppliers under Global Fund-financed contracts observe high standards of ethics, the Global Fund will take appropriate actions to manage such Conflicts of Interest or may reject a request for funding or disbursement if it determines that a Conflict of Interest has compromised, or risks compromising, the integrity of any procurement process.

23. Suppliers will not apply or seek to apply undue influence on the decision-making processes of the Global Fund and will not engage in any conduct that breaches or facilitates the breach of the Global Fund's Policy on Conflicts of Interest.

24. Suppliers are expected to notify the Global Fund as soon as they have knowledge of any integrity concern involving or affecting Global Fund resources and grant funding, whether or not it involves the Supplier or a Supplier Representative. For further information, see

<https://www.ispeakoutnow.org/home-page/> H. The United Nations Global Compact for responsible corporate citizenship

The United Nations Global Compact is a voluntary international corporate citizenship network initiated to support the participation of both the private sector and other social actors to advance responsible corporate citizenship and universal social and environmental principles to meet the challenges of globalization (see www.unglobalcompact.org). 23.1 Unless otherwise specified in the **SCC**, the Goods supplied under the Contract shall be fully insured—in a freely convertible

currency from an eligible country—against loss or damage incidental to manufacture or acquisition, transportation, storage, and delivery, in accordance with the applicable Incoterms or in the manner specified in the **SCC**. **Insurance will only pass on to the Ministry of Health after the commissioning of the system and acceptance of it thereafter.**

- 24. Transportation** 24.1 Unless otherwise specified in the **SCC**, responsibility for arranging transportation of the Goods shall be in accordance with the specified Incoterms.
- 25. Inspections and Tests**
- 25.1 The Supplier shall at its own expense and at no cost to the Ministry of Health carry out all such tests and/or inspections of the Goods and Related Services as are specified in the **SCC**.
- 25.2 The inspections and tests may be conducted on the premises of the Supplier or its Subcontractor, at point of delivery, and/or at the Goods' final destination, or in another place in the Ministry of Health's Country as specified in the **SCC**. Subject to GCC Sub-Clause 25.3, if conducted on the premises of the Supplier or its Subcontractor, all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Ministry of Health.
- 25.3 The Ministry of Health or its designated representative shall be entitled to attend the tests and/or inspections referred to in GCC Sub-Clause 25.2, provided that the Ministry of Health bear all of its own costs and expenses incurred in connection with such attendance including, but not limited to, all traveling and board and lodging expenses.
- 25.4 Whenever the Supplier is ready to carry out any such test and inspection, it shall give a reasonable advance notice, including the place and time, to the Ministry of Health. The Supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the Ministry of Health or its designated representative to attend the test and/or inspection.
- 25.5 The Ministry of Health may require the Supplier to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Goods comply with the technical specifications codes and standards under the Contract, provided that the Supplier's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the Supplier's performance of its other

obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.

- 25.6 The Supplier shall provide the Ministry of Health with a report of the results of any such test and/or inspection.
- 25.7 The Ministry of Health may reject any Goods or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make alterations necessary to meet the specifications at no cost to the Ministry of Health, and shall repeat the test and/or inspection, at no cost to the Ministry of Health, upon giving a notice pursuant to GCC Sub-Clause 25.4.
- 25.8 The Supplier agrees that neither the execution of a test and/or inspection of the Goods or any part thereof, nor the attendance by the Ministry of Health or its representative, nor the issue of any report pursuant to GCC Sub-Clause 25.6, shall release the Supplier from any warranties or other obligations under the Contract.

26. Liquidated Damages

- 26.1 Except as provided under GCC Clause 31, if the Supplier fails to deliver any or all of the Goods by the Date(s) of delivery or perform the Related Services within the period specified in the Contract, the Ministry of Health may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the **SCC** of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those **SCC**. Once the maximum is reached, the Ministry of Health may terminate the Contract pursuant to GCC Clause 34.

27. Warranty

- 27.1 The Supplier warrants that all the Goods are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.
- 27.2 Subject to GCC Sub-Clause 21.1(b), the Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.

- 27.3 Unless otherwise specified in the **SCC**, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the **SCC**, or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier. The contract terms will however, take over this warranty after the signing by both parties.
- 27.4 The Ministry of Health shall give notice to the Supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Ministry of Health shall afford all reasonable opportunity for the Supplier to inspect such defects.
- 27.5 Upon receipt of such notice, the Supplier shall, within the period specified in the **SCC**, expeditiously repair or replace the defective Goods or parts thereof, at no cost to the Ministry of Health.
- 27.6 If having been notified, the Supplier fails to remedy the defect within the period specified in the **SCC**, the Ministry of Health may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Ministry of Health may have against the Supplier under the Contract.

28. Patent Indemnity

- 28.1 The Supplier shall, subject to the Ministry of Health's compliance with GCC Sub-Clause 28.2, indemnify and hold harmless the Ministry of Health and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Ministry of Health may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:
- (a) the installation of the Goods by the Supplier or the use of the Goods in the country where the Site is located; and
 - (b) the sale in any country of the products produced by the Goods.

Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement

resulting from the use of the Goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Supplier, pursuant to the Contract.

- 28.2 If any proceedings are brought or any claim is made against the Ministry of Health arising out of the matters referred to in GCC Sub-Clause 28.1, the Ministry of Health shall promptly give the Supplier a notice thereof, and the Supplier may at its own expense and in the Ministry of Health's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.
- 28.3 If the Supplier fails to notify the Ministry of Health within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Ministry of Health shall be free to conduct the same on its own behalf.
- 28.4 The Ministry of Health shall, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim, and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.
- 28.5 The Ministry of Health shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Ministry of Health.

29. Limitation of Liability

- 29.1 Except in cases of criminal negligence or willful misconduct,
- (a) the Supplier shall not be liable to the Ministry of Health, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Ministry of Health and
 - (b) the aggregate liability of the Supplier to the Ministry of Health, whether under the Contract, in tort or otherwise,

shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the Ministry of Health with respect to patent infringement

30. Change in Laws and Regulations

30.1 Unless otherwise specified in the Contract, if after the date of 28 days prior to date of Bid submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the place of the Ministry of Health's country where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 14.

31. Force Majeure

31.1 The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

31.2 For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. Such events may include, but not be limited to, acts of the Ministry of Health in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

31.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Ministry of Health in writing of such condition and the cause thereof. Unless otherwise directed by the Ministry of Health in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

32. Change Orders and Contract Amendments

32.1 The Ministry of Health may at any time order the Supplier through notice in accordance GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:

- (a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Ministry of Health;
- (b) the method of shipment or packing;
- (c) the place of delivery; and
- (d) the Related Services to be provided by the Supplier.

32.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier's receipt of the Ministry of Health's change order.

32.3 Prices to be charged by the Supplier for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.

32.4 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

33. Extensions of Time

33.1 If at any time during performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Related Services pursuant to GCC Clause 12, the Supplier shall promptly notify the Ministry of Health in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier's notice, the Ministry of Health shall evaluate the situation and may at its discretion extend the Supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.

33.2 Except in case of Force Majeure, as provided under GCC Clause 31, a delay by the Supplier in the performance of its Delivery

and Completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 26, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 33.1.

34. Termination

34.1 Termination for Default

- (a) The Ministry of Health, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate the Contract in whole or in part:
 - (i) if the Supplier fails to deliver any or all of the Goods within the period specified in the Contract, or within any extension thereof granted by the Ministry of Health pursuant to GCC Clause 33;

However, the Supplier shall continue performance of the Contract to the extent not terminated.

34.2 Termination for Insolvency.

- (a) The Ministry of Health may at any time terminate the Contract by giving notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Ministry of Health

34.3 Termination for Convenience.

- (a) The Ministry of Health, by notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for

its convenience. The notice of termination shall specify that termination is for the Ministry of Health's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.

- (b) The Goods that are complete and ready for shipment within twenty-eight (28) days after the Supplier's receipt of notice of termination shall be accepted by the Ministry of Health at the Contract terms and prices. For the remaining Goods, the Ministry of Health may elect:
 - (i) to have any portion completed and delivered at the Contract terms and prices; and/or
 - (ii) to cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and Related Services and for materials and parts previously procured by the Supplier.
